# The Ultimate Outdoor Experience...Bringing Family and Friends Together.

## TESTIMONIALS

“When I first saw the Firetainment tables I was blown away with the idea of combining a fire feature with an outdoor cooking zone. The variety of uses and the gorgeous look of these tables have made them the go-to product to incorporate into my outdoor living space designs.”

**–Paul LaFrance, Host of HGTV’S Decked Out**

“The first time I saw the Firetainment grill, my mind began to spin, thinking of all the foods I could cook with this new way of grilling. Not only have those thoughts become reality, they have exceeded what I thought I could do. The way that vegetables caramelize on the grill is unlike any other way to cook them. Shrimp and other forms of seafood cook beautifully. Beef flavors are raised and brings out the wonderful flavor of meat. And amazingly, even desserts – especially strawberries, become sweeter. I have used many grills in my professional life and this one opens up new adventures not possible on those. And clean up is a snap which is important to any griller. You not only get a beautiful piece of outdoor furniture which will enhance any porch or patio, but you get a new way to grill which will thrill even the non-griller.”

**–Marci Arthur, professional chef and owner of Truffles & Trifles**

“We wanted to let Firetainment know how much we are enjoying our fire table! We have had a great time experimenting with different recipes, and have hosted several great parties around it. Possibly the most appreciated benefit is the fact that people like to linger over their meal, and enjoy staying at the table and talking after the meal has finished. We have had wonderful meals with our kids, that last longer than teenagers would normally spend at the dinner table. They love having friends over, and our house has become the "party" house! We couldn't be more pleased with the quality of the components and the wonderful service that your company has provided. After having dinner with us at our fire table, all of our friends want one!”

**- Trivedi Family, Sarasota, Florida**

# Firetainment

Firetainment Inc. is a U.S. manufacturer of quality fire tables that combine function and style. Firetainment tables are designed to be used as an elegant dining table with a fire pit for ambiance and as a cooking table for appetizers, entrees, and desserts. The concept behind the Firetainment table is combining fire, table, and cooking all in one thus providing the ultimate outdoor entertainment experience. Entertaining friends, enjoying an evening with family, creating a relaxing campfire ambiance, or romantic evenings with someone special make the Firetainment table a versatile piece. Your Firetainment table will be the primary gathering spot in your backyard or patio and owning a Firetainment table will make you the envy of the neighborhood.

---

**QUALITY:** Firetainment tables are hand-crafted with the finest materials: - Fire table tops are solid 1 1/4" thick granite. - Base is 14 gauge aluminum that is powder coated for durability. - Burner is solid stainless steel. - Connection hoses are braided stainless steel for optimal performance and safety. - Brass fittings and valve assembly are non-corrosive and UL listed. - Tables hold a 20lb propane tank for many hours of use. - Propane tank rests in a plastic foot that allows for easy maneuvering and prevents the tank from damaging patio flooring.

**SELECTION:** Firetainment tables offer a variety of standard size and color options allowing the customer to have a table made that fits their preference, style, and space. The standard choices include: - Granite table top available in various sizes and colors. - Base selection of a 24" dine height or 21" chat height. - Base powder coat color option. - Fireglass color or combination of colors. - Custom tables are also available.

**COOKING:** This feature truly separates a Firetainment table from other outdoor tables. Our patent pending ceramic coated cooking mount houses multiple cooking elements which provide many culinary options that are easy to use. There are several additional accessory items that complete the package. Any cooking enthusiast will love how this table cooks food as many professional chefs will attest. The standard cooking package can be eliminated for those that will not be using the table for cooking.

**ACCESSORIES:** Each fire table comes with a deluxe cooking package (see pg. 6) and tempered glass wind guard. Optional accessories are available including a matching granite lazy Susan, stainless steel burner pan lid and fabric table cover. The glass wind guard rests around the burner and acts as a safety feature. The wind guard adds to the ambiance due to the reflection of the flame and also conserves fuel. The granite lazy Susan rests inside the fireglass and overhangs the burner pan to provide a solid table look when not in use and easily spins making it useful for condiments and games. The lazy Susan is milled to 3/4" thick to make it lighter for easy handling.

**SERVICE:** Firetainment can coordinate drop ship delivery to a commercial or residential location anywhere in the U.S. or Canada. "White Glove" installation is also available for an additional charge. Our tables come with a comprehensive owner's manual addressing the safe operation and installation as well as a cooking guide with delicious recipes. Firetainment.com will provide updated recipes we develop with our chefs or that we receive from our happy customers.

**WARRANTY:** Firetainment stands behind its products and uses only the finest made components. Firetainment tables are protected by the best warranty in the industry.

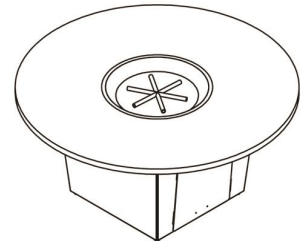

**CRAFTED IN THE USA:** Firetainment fire tables are proudly manufactured in the United States of America.

# Naples— 54” Round / Riviera— 48” Round

The 54” Naples fire table seats 6-10 people comfortably depending on the seating style. The 48” Riviera table will seat 4-8. There is ample space from the edge of the table tops to the burner pan allowing for space to dine. The distance from the edge of the tables to the center of the cooking elements make it easy for everyone around the table to easily cook their own food. The height of the table allows one to get their knees underneath with room to spare. The height also allows you to see over the flame or cooking elements so eye contact with those around is not obstructed, creating the perfect dining and entertainment experience!

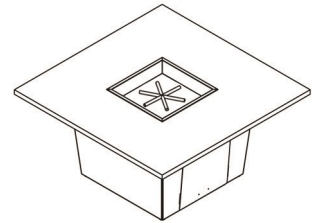

## Features:

- Naples 54” or Riviera 48” round
- 1- 1/4 “ granite top with squared edge
- 21” chat height or 24” dine height
- Standard fire glass color or color blend
- 14 gauge aluminum base with choice of standard powder coat color
- Round burner pan
- Stainless steel 60,000 BTU burner
- Stainless steel braided propane connection kit
- Connects to any standard 10 - 20 lb. propane tank or can be connected directly to gas line
- Crafted in the USA
- Includes deluxe cooking package and glass wind guard  
**Table can also be purchased without accessories**
- Optional stainless steel burner pan lid, matching granite lazy Susan and Weathermax cover available

# Madrid- 48" Square / Venice- 44" Square

The 48" Madrid fire table seats 4-8 people comfortably depending on the seating style. The 44" Venice table will seat 4-6. There is ample space from the edge of the table tops to the burner pan allowing for space to dine. The distance from the edge of the tables to the center of the cooking elements make it easy for everyone around the table to easily cook their own food. The height of the table allows one to get their knees underneath with room to spare. The height also allows you to see over the flame or cooking elements so eye contact with those around is not obstructed, creating the perfect dining and entertainment experience!

## Features:

- Madrid 48" or Venice 44" square
- 1- 1/4 " granite top with squared edge
- 21" chat height or 24" dine height

# CUSTOM TABLES & FIRE FEATURES

Firetainment manufactures it's tables which provides additional options for customers who want something unique. We have the ability to produce non-standard tables. We can make tables taller, larger, smaller and various shapes. We can provide exotic colors of granite or man made quartz. If a customer wants something customized then contact us with specifications and we will provide a free estimate.

# IT'S NOT JUST ENTERTAINING

## Wok Cooking Set:

The 14" hand-hammered carbon steel wok is extremely versatile. The set includes a 16" stainless steel spatula, steam rack, wok ring, and lid. It preheats fast for quick, healthy food preparation. It is easy to clean and care for. Some dishes include: stir fry vegetables and meats, sautéed seafood, chicken wings, oriental noodles, sloppy joes, and much more. Desserts such as banana flambe are excellent.

## Cast Iron Griddle:

The 14" griddle with handles allows for easy maneuvering. It comes seasoned and ready for use. It heats quickly and distributes heat evenly. It is easy to clean and care for. It is ideal for blackening and searing. Breakfast, lunch, appetizers, and entrees are easily prepared. Some dishes include: steak, fish, shrimp, scallops, poultry, pork, pizza, hot dogs, quesadillas, brochette, garlic bread, asparagus, grilled sandwiches, pancakes, French toast, eggs, caramelized fruits for dessert, and much more!

## Himalayan Salt Cooking Blocks:

The 2" thick salt blocks are 100 percent natural, harvested from the Himalayan mountains. It is a unique, flavorful method of cooking and is mineral and nutrient rich. The salt blocks are pollutant and chemical free for healthy food preparation. It's antimicrobial nature will not allow any bacteria to live on it. It is recommended the salt blocks are used on the cast-iron griddle. Because it is a natural stone it conducts heat and will stay hot for hours which conserves fuel. It is perfect for all types of meats, seafood, fruits and vegetables.

## Dutch Oven Set:

The 5.5 quart cast aluminum Dutch oven is easy to clean with non-stick interior and exterior. It includes a stainless steel lid. It is ideal for simmering and slow cooking. Add water to create a double broiler with the mixing bowls to make cheese, chocolate fondue and all kinds of dips. It is perfect for stews, soups, chili, biscuits and much more.
