about stoll

Stoll Industries was formed after a lasting and successful tenure in the fireplace industry. Using their expertise in metal works, Stoll Fireplace, Inc. decided to broaden their custom metal designs to feature cabinets, walls, doors, drawers, hoods and backsplashes. Stoll Fireplace, Inc. was established in 1969 when Mr. William Stoll designed and hand-crafted a custom screen for his South Carolina home. After 48 years, Mr. Stoll's Christian values continue to be the guiding principles of the company's ethical standards and customer satisfaction. Today, the 3rd generation of the family continues to build on Stoll's reputation in the industry for innovation, customer support, and quality hand-crafted products for the home. Our wide range of products can be found in the finest specialty stores and design centers all across US and Canada.

our mission

To be **intentional** in our actions, building an environment of **honesty** and **faith** that creates a platform for **God** in the workplace.

● wall panels

Add an extra dimension to a new home or resurface an existing wall with Stoll's decorative wall cladding. Highly customizable, our wall panels compliment just about any room or setting, including kitchen backsplashes. Using 1/8" hot roll steel, 304 grade stainless steel or glass, the designers at Stoll can create endless designs and styles to fabricate the perfect solution for your home or office.

horizontal ○

Articulated in interlocking horizontal bands, our horizontal panels create strong lines and shadows that compliment the trendy linear design. These panels can be made as narrow or as wide as the desired style.

shelves ○

Floating shelves are a popular décor concept, and no one does it as well as Stoll. Our endless design and color options, combined with our simple installation, make our metal shelves the perfect accent to any room. Our shelves are non-combustible, and provide protection for your entertainment center, while accenting your fireplace setting. Use our stainless steel shelves to add a modern, contemporary touch to your room, or for all outdoor applications.

features:

Non-combustible, simple installation, custom sizes, shapes, and styles.
